*Recent studies indicate that students who participate in a Summer Reading Program are more likely to read at or above their grade level than those who don't; and those reading above grade level are more likely to retain those skills into the next school year. For more information visit www.readingrockets.org.

Summer reading is recommended for students entering first grade, but is not required by MBUSD. For a list of books for Summer Pleasure Reading recommended for students entering grades 1-2 visit www.manhattan.k12.ca.us. The MBUSD Elementary Librarians update the Grades 1-5 Reading Lists every year.
