

Congratulations!!!

Your child has received a student card for the LA County Library and now has access to the Library's wide range of books and other educational resources.

With the student card, your child is able to access the Library's resources and many tools useful for school including free online homework help from live tutors, research databases, downloadable eBooks, and much more. Students can check out up to 3 books at one time. No fines will be charged.

While the student card is designed to meet your child's educational needs, you can also choose to upgrade the card to access even more free features. These features include the ability to check out more items at a time, the option to place holds on materials from other libraries, and the use of the Library's Internet-connected computers and Wi-Fi. If you would like to receive the full benefit of these resources, please take the student card to your nearest LA County Library and our staff will be happy to help you.

If you do not wish your child to have this student card from LA County Library, please return the card to your child's teacher or take it to your nearest LA County Library. We will remove the account without delay.

With the LA County Library student card, your child has access to a wide array of educational resources to help them succeed in school, but also much, much more. Visit [colapublib.org/students](http://colapublib.org/students) or your nearest LA County Library to find out more about what awaits you!
