Fluffy Slime Recipe to go with **Yuck, a Love Story** by Don Gillmor

Ingredients:

1/2 cup shampoo (any type, but the thicker the better)

1/4 cup cornstarch

3 drops food coloring (optional)

1 tablespoon water and 5 tablespoons water

Directions:

Put the shampoo and cornstarch in a bowl and mix well.

Add three drops food coloring (optional).

Add one tablespoon water and stir.

Slowly add five more tablespoons water, stirring well after each.

Knead the slime for about five minutes or until it is moist, light, semi-hard, and semi-stretchy. If you find your slime is still sticky after kneading it for a while, keep adding cornstarch and knead to desired consistency.
