

Name _____

Snow Dance, by Lezlie Evans

Two sisters perform a dance to make it snow and when it snows all through the night they bundle up and head outside for a busy day of angel making, snowball fights, and sledding.

Snow Dance Rituals

They vary from person to person, but common snow dance rituals besides dancing include sleeping with a spoon under your pillow, flushing ice cubes down the toilet, putting a white crayon in the freezer, or wearing your pajamas inside out and backwards.

Library Crafty Connection

Experiment drawing with chalk and ice cubes on construction paper

At-Home Crafty Connection

Experiment making “snow” with simple household materials following directions on YouTube:
