

Student Name _____ Date _____

Teacher Name _____ Grade _____

Today, after several reminders, I did not use my time productively during my class visit to the school library, and I do want to do better.

I understand that my job at school is to learn. I do appreciate the many learning opportunities I am lucky to have at Grand View.

Next week I will take advantage of my class visit to the library by looking for a book to check out. Or, if I am not checking out a book, I will read books or do the craft or activity sheet provided by Mrs. Snively.

May we talk about this tonight? I really want to make a better choice the next time my class visits the school library.

Sincerely,

(student signature) _____

(parent signature) _____

Please return this signed letter to the Library.
