Date of Incident/Event: Tuesday, September 8th & Wednesday, September 16th

Subject/Topic: Police Department Seeks Community Input on Strategic Plan

Location: Manhattan Beach Police Department – Community Room
420 15th Street, Manhattan Beach

The Manhattan Beach Police Department is seeking community involvement in the development of a new Strategic Plan for 2016-2018. The Strategic Plan will serve as a road map for the next three years to guide the Police Department in our delivery of service to the community of Manhattan Beach. Citizen involvement is essential to the process, as it ensures the Strategic Plan and police services are responsive to our community's needs. "The Police Department looks forward to again partnering with the Manhattan Beach community in the development of our new Strategic Plan," stated Chief of Police Eve R. Irvine.

The Police Department will host two workshops where it will gather input regarding the new strategic plan. In addition, there will be a review of the progress made under the current strategic plan, which ends on December 31, 2015.

The following public workshops are offered (please select one):

- Tuesday, September 8, 2015 - 6:30 PM - 8:30 PM, or
- Wednesday, September 16, 2015 - 6:30 PM - 8:30 PM

The workshops will take place in the Community Room of the Police Station located at 420 15th Street, Manhattan Beach.

For more information about the public workshops, please call: Julie Dahlgren (310) 802-5118
