

**Manhattan Beach Council PTA - 2017-2018 Reflections Program  
Theme: Within Reach**

Designed to enhance rather than replace a quality arts education, the Reflections Program provides opportunities for students to express themselves and to receive positive recognition for their artistic and creative efforts. Manhattan Beach Council PTA would like to congratulate the following students for their accomplishment. The Award of Excellence entries from each category will continue to the next level of judging at the 33<sup>rd</sup> District.

Winners will be honored at a MBUSD School Board meeting later this year.
