

# Unique Volunteer Opportunity

**2016-17 SCHOOL SITE & WELLNESS COUNCIL** Are you interested in school safety, wellness, and innovative programming at Grand View? Please consider running for one of four open seats on the 2016-17 Grand View School Site & Wellness Council!

**WHAT IS SCHOOL SITE & WELLNESS COUNCIL?** The SSWC is a group of five parents and five staff members elected to represent parents, teachers, and other staff. Representatives are elected for a two-year term. The task of the SSWC is to ensure that the school is continually engaged in identifying and implementing curriculum, instructional, and wellness practices that result in both strengthening the core academic curriculum and ensuring that students are healthy, safe, and succeed in school. A SSWC is required because our district receives special funds to help students meet district standards. Beach Cities Health District is a partner with us in the Wellness and Healthy Schools Alliance. We will also have a student member on our council from our active Green Committee.

**WHAT DOES THE SSWC DO?** The SSWC is responsible for approving, reviewing, and updating the site plan for student achievement based on the LCAP goals and providing input on the development and effectiveness of programs which support student achievement and wellness. The SSWC meets three times during the school year.

**WHO CAN BE A PARENT REPRESENTATIVE ON THE SSWC?** Anyone who:  
... is a parent of a student at Grand View and is not an employee at this school.  
... can commit to attending the three meetings from 3:00-4:00 p.m. in the school library on 11/7/16, 2/13/17, and 5/22/17.  
... is interesting in learning about school programs.  
... is willing to work cooperatively with the school principal, staff, and other parent representatives.

**WHAT DO I DO IF I WANT TO RUN FOR PARENT REP?** Detach and fill in the section below. Turn in to the front office by Friday, October 14, 2016. Questions? Contact Principal Nancy Doyle at [ndoyle@mbusd.org](mailto:ndoyle@mbusd.org).
